

## Dog Issue

Bali Tourism Board expresses concern about the brutal killing of dogs and that its satay is offered to unsuspecting tourists. The Balinese upholds a deep respect for animals within our culture and we have Tumpek Kandang Animal Welfare Ceremony every six months.

Bali Tourism Board has opened dialogue with Animals International on 13 April 2017 and we praise the actions taken by Animals International and other NGOs as well as members of the media who have taken up this issue to the surface so that actions may be taken responsibly by the Indonesian government. Bali Tourism Board is committed to monitor the progress of this issue and advice all visitors to continue to choose trusted providers when consuming food beverage on the island.

Thank you,

Bali Tourism Board
